Giving back to Cannonville

AUGUST 2024

From the Community....

School restarts the 14th of August. See the Mayor about a free pencil.

The Clear Skies folks will be opening in August. Good Luck.

There's a great article in the recent Byway newspaper about short-term rentals in our communities. Very insightful.

From Melanie, Parks....

Park reservations are being taken if your family needs a spot for a reunion. Contact Machele Nelson to reserve the date.

From Machele, Admin....

Office hours 9:30-12:30 Mondays

From Alma & Klint, Water

From the Well House to the Spring House the "Water Guys" have stayed busy coordinating new equipment, pumps, switches, solar interfaces, and drains. It has been an active month for testing and monitoring all aspects of Cannonville Water. We happy to say our newest commercial enterprise has received their state certification.

Reminder, the town's water is sampled and evaluated each month at various locations. Contact Klinton Chynoweth if you'd like your home spicket water tested. Quarterly test results are all within state parameters.

From John, Roads

Nothing to report. Working new street signs

From the Mayor....

Thanks to all the town folks and their families for making July activities a success. Over a thousand runners crossed the finish line in downtown Cannonville to fruits, drinks, and a rowdy, cheering crowd. The Lions then fed them all. Thanks for all your help.

The town has recently participated in an independent audit leaving the town with several financial action items. We'll also be working on a new Subdivision Ordinance sponsored by the State, a Zoning Ordinance and updating the General Plan. Much of the work will be done in "open to the public" committees, and we'll need volunteers to help with all of this. Feel free to let me know where you'd like to help. Additionally, we'll be holding a budget planning and review meeting on August 21st. Everyone is invited to attend.

Mr Clyde Heath has been hired to help with all things database & financial reporting.

I have no new information on the SITLA offering of the Promise Rock properties. Information should be forthcoming by the end of the month.

On the 14th of September there will be a Day of Service and the annual Harvest Dinner sponsored by the Church of Jesus Christ of Latter-day Saints, Cannonville Ward. Busy day. Later in the month or first of October will be the Pumpkin & Pie night for judging the massive pumpkins everybody has been growing. We could include a town yard sale that day if there's enough interest.

From Stewart, Fire

The truck is operational and full of water if needed. Our newest volunteer will be attending training classes in the next couple of months.

We'd like a few more volunteers to help with the truck and EMT staffing. The scholarship is still available for anybody taking the EMT course.
