## Giving back to Cannonville

SEPTEMBER 2024

### From John, Roads ....

Nothing to report. Working new street signs

### From Melanie, Parks....

Fun Holiday things are being discussed about December at the town park. Be in touch with Melanie Ott to get involved.

### From Mabelle, Admin....

Office hours 9:30-12:30 Mondays

### From Stewart, Fire ....

The truck is operational and full of water if needed. Our newest volunteer will be attending training classes in the next couple of months with the Tropic and Henrieville fire teams.

### From the Mayor...

The fiscal 2024-25 year budget was approved in the August Town Mtg after a public review. It will be posted on the bulletin board for the public. Other outstanding audits items are being addressed each week.

Our first subdivision planning meeting will be held September 18<sup>th</sup> at 6pm in the town hall. Representatives from the state will be there to help facilitate a new subdivision ordinance. It is open to the public.

The SITLA folks will be coming to the Bryce Valley area on October 10<sup>th</sup> to report the results of the Promise Rock Auction. I don't have the time, or place, but will let you all know as soon as possible.

On the 14<sup>th</sup> of September there will be a Day of Service at the Cannonville Cemetery beginning at 9pm, Bring your gloves, tools, and willing heart. Lunch will be served around noon.

The apple experts are telling me the town apple trees will be ready to pick and use the end of September. Feel free to pick what you need for a winning pie or strudel. The Big Pumpkin and apple pie contest is tentatively planned for the morning of October 19<sup>th</sup> at 9:30am at the town park. Each pumpkin will be weighed, heaviest pumpkins the winners. A separate judging will be for decorated pumpkins and scarecrows. They must be real, no artificial pumpkins, your own decorations and carvings. Age groups are 0-12, 12-18, and the oldies.

October 2024

19<sup>th</sup> Jam

### From Alma & Klint, Water ....

Work/progress is ongoing at the Spring house, making it ready as a secondary source of clean water for the town in case of emergencies. Various tests have been done to ensure the water is totally okay to go into the storage tanks if needed. All processing is solar powered. Good job fellas.

Reminder, the town's water is sampled and evaluated each month at various locations. Contact Klinton Chynoweth if you'd like your home spicket water tested. Quarterly test results are all within state parameters.
